

Briefing Minutes: Coutts Border Protests

Date & Time

2022-02-17 @ 1403hrs

Present:

See the attendance sheet

UNIT/NAME/AGENCY	UPDATES/NOTES	DD/FOLLOW UP
RCMP SILVER	•	
C/SUPT. GORD SAGE	•	
C/SUPT. T. DAROUX	• CCMG is on their way and will be here tonight; • Fencing and the obstacle around the protest zone. Maybe make a snow fence rather than a metal fence, optics, keep it open. Won't do anything until CCMG is here; • Issues with the image of doing this around a lawful protest zone. Keep the speed limit down; • CP Rail really want a fence around their train tracks so no one goes near. Safety issues identified. Don't use plastic snow fence with the wind; • The Emergencies Act is proportional and is not as vague as the previous act. Any enforcement that is done under this act will be well thought out and methodical.	
INSP. L. BRACHMANN	• Tractor on the semi is on its way to Redcliff. No issues there; • Lon term planning there is a plan in place to switch out divers and replacement class 1 drivers; • Will advise through DEOC; • Will be looking for a replacement for himself;	

	• Losing tow site security on Sunday. May have to be members to be replaced; • Redcliff towing company has agreed to tow vehicles if needed and will accept vehicles.	
RCMP BRONZE	•	
CBSA	• Everything is running smoothly here today but doesn't seem as busy as usual. This is probably because its difficult for brokerages so they've probably stuck to their original ports; • CBSA intel wont be on site tomorrow or over the weekend.	
USCBP	•	
CCMG	•	
CIP	•	
CSET	•	
GIS/MCU	•	
DCAS	• Nothing further at this point; • There is a new Milkriver restart group that is up that was updated 2 days ago. Unknown if they are new members or legacy members but no indication that there are actually any plans to come down here.	
GD	• Getting ready to hand over command for Bronze to new S/Sgt and Sgt. • 15-20 RV's and about 50-60 people; • Resourcing is going good, no sending members back but Monday there is a steady decline. Will determine if this weekend will support a new deployment; • They are fighting with vacancies. Sunday there are 35 GD members and 65 members roughly with STO and IBET;	

	Identify gaps to DEOC so we are not short members on Sunday.	
SHERIFFS		
IBET	Patrols are out and about. Was holding the vehicle located near the Elk farms that belongs to Lysak. Has been in touch with MCU/GIS who are arranging the SW and tow.
